

NEW EXETER SECTION

Join us for our first meeting on
**SWITCH & CROSSING REFURBISHMENT
WITH DAVE RATLEDGE**

David Ratledge CEng FPWI, Permanent Way Engineering Consultant and long term permanent way engineer, has significant experience in S&C refurbishment over the last three decades and has supported Network Rail on the development of a new S&C standard that is being issued shortly.

David will explain what the required process is for successful delivery, the engineering inputs required and the roles and responsibilities of all involved. He will also show examples of best practice engineering as well as pitfalls to be avoided.

13 NOVEMBER 2019 15:00 - 16:30

Network Rail, Training Room, Central Station Buildings, Queen Street, Exeter, EX4 3SB

BOOK ONLINE www.thepwi.org/calendar/

NOT A MEMBER?

No problem, pop along for a warm welcome. Be part of the meeting then consider membership with us, we have so much to offer.

BE PART OF A PROFESSIONAL COMMUNITY LIKE NO OTHER

The Permanent Way Institution exists purely for the world of rail infrastructure engineering.

We provide our members with a unique forum to share and gain knowledge, experience and competency together.

LEARN WITH US

Technical Hub

Stay on-pulse with unlimited access to specialist technical content through our online resource hub, including technical presentations, rail guides, journals and papers.

Journal

Our quarterly journal contains technically detailed articles that focus on current industry issues, challenges and trends. It's the quarterly must-read for all rail infrastructure professionals who wish to stay at the forefront of their field.

GROW WITH US

Technical Training & CPD

Book onto our technical training courses and access niche modules designed and delivered by our industry experts. You can also tailor your online MyCPD e-portfolio with the PWI to capture and review your continuous professional development.

Professional Registration

Start your professional registration journey and achieve an industry-recognised accreditation, opening the pathway to your career progression.

ENGAGE WITH US

Events

Attend our vast range of seminars and events where you can gain valuable insights from top speakers and network with likeminded rail professionals. As a member, you will also receive special discounts on all our national and international technical seminars.

Community

Meet colleagues, participate in topical discussions and connect with other PWI members for specialist industry advice.
